Gentlemen:

Supplemental permit is hereby granted to Land and Lakes Company to modify the operations by updating the closure /post-closure plan and disposing of waste in Phase IE all in accordance with the plans prepared by Land and Lakes Company and Charles W. Greengard Associates, Inc. Final plans, specifications, application and supporting documents as submitted and approved shall constitute part of this permit and are identified on the records of the Illinois Environmental Protection Agency, Division of Land Pollution Control by the permit number(s) and log number(s) designated in the heading above.

The permit is issued subject to the following special conditions:

1. This permit is to allow use of only that portion of the site designated as Phase IE as shown on the revised plan sheet (Drwg No. 1750) received by this Agency on December 7, 1988. No waste may be deposited in any additional areas until they have been developed according to plans and supplemental operating permits for the developed areas have been obtained.
2. Revised cost estimates (Addendum 4) and financial assurance totaling \$160,165.00 are hereby approved.
3. This permit is subject to review and modification by the Agency as deemed necessary to fulfill the intent and purpose of the Environmental Protection Act, and all applicable environmental rules and regulations.
4. This permit is issued with the expressed understanding that no process discharge to Waters of the State or to a sanitary sewer will occur from these facilities. If such discharge occurs, additional or alternate facilities shall be provided. The construction of such additional or alternate facilities may not be started until a permit for their construction has been issued by the Agency.

5. Any modification to the facility shall be the subject of an application for supplemental permit for site modification submitted to this Agency.
6. Permittee shall notify the Agency of any changes from the information submitted to the Agency in its application for a developmental and operating permit for this site. Permittee shall notify the Agency of any changes in the names or addresses of both beneficial and legal titleholders to the herein-permitted site. Such notification shall be made in writing within fifteen (15) days of such change and shall include the name or names of any parties in interest and the address of their place of abode; or, if a corporation, the name and address of its registered agent.

Except as modified in the above documents, the site shall be operated in accordance with the terms and conditions of Permit No. 1976-17-OP, dated December 13, 1982.

The original and two (2) copies of all certifications, logs or reports and three (3) copies of groundwater monitoring chemical analysis forms which are required to be submitted to the Agency by the permittee should be mailed to the following address:
